Situation:

A squadron of A-50 AWACS aircraft have been spotted at Sunan Airbase. They have been determined to be carrying Russian insignia, so destroying the aircraft would prove to be politically very difficult. To disable the aircraft, it has been decided we are to destroy the runways at Sunan instead.

All flights in your package are dependant on the Strike flight hitting the runways. Two flights of two aircraft have been assigned as SEAD Escort, but careful consideration should be given to the actual roles to be carried out by each flight. Be advised, there is an SA-10 protecting Sunan Airbase.

Good luck!
