Air to Ground Weapon Loadout (Free or Fixed)			Free				
Mission Flight plan (Free or Fixed)			Free				

BACKGROUND

US and ROK forces have pushed DPRK's far inside their territory. This has given the allied forces an advantage by using DPRK's closer airbases and station.

CURRENT SITUATION

Some important CCC stations are still active especially on the eastern side of North Korea which hasn't seen the real war yet.

These high value assets need to be destroyed to disrupt N.Korean data integration system and help our forces advance with less resistance.

MISSION DETAILS:

Weather is not on our side today, dense fog at 4000 is making visibility poor. But Koach'am-ni Radar station should be taken out.

Enemy – China has joined DPRK on its war in an indirect way. Supplying the enemy with 5th generation fighters such as the Su-30MKK.

The enemy also have sophisticated Air defense systems including short, medium and long range defenses. IR SAM's are also precious in modern wars.

Naval units reported across the sea.

Friendly – One E-3C providing air picture will be on patrol. Furthermore, we have a carrier task force group just off the shores.

Mission – Your mission is to destroy the radar and the three radio towers at Kuch'am-ni station and return home immediately.

Route – Free

ROE – Engage once approved by FL.

Ordnance – FREE

Good Luck!
