Mission Success criteria			Both	Each flight completes at least 4 out of 5 objectives completely			
Mission Partial Success criteria			Both	Each flight completes at least 3 out of 5 objectives completely			
Air to Air Weapon Loadout			Free				
Air to Ground Weapon Loadout			HARMs are out of stock, SORRY!!				
Mission Flight plan			Free				

BACKGROUND

Before we can start our offensive against the Kerbian state, we must first clear the coastline of some smaller, but dangerous threats.

CURRENT SITUATION

The Kerbs have set up some of their anti air stuff along the coast line and are flying combat air patrols to defend it.

MISSION DETAILS

Weather Visibility is excellent, weather shouldn't really be a factor.

Enemy

Some older, but definitely not to be underestimated war machinery, is out there. Expect small, radar less fighters over some target areas. WATCH OUT!!

BUT: consider fuel and time to be your biggest enemy.

Friendly

JSTAR and AWACS available on your side.

Target

The following individual objectives have to be completed. There is NO partial success on any of them, either you complete the objective or you fail:

OBJ No	STP	Cowboy1	Falcon1
1	5	BarlockB N44.37.41E15.34.39	Any further KrAz or ZIL-135 vehicle
2	7	3 hits on runway at Bihac Airport	3 hits on runway at Udbina Airport
3	9	1 vehicle blocking the runway in Split airport	The other vehicle blocking the runway in Split airport
4	11	Down all 4 HINDs	Down all 4 HINDs together with Cowboy1
5	13	Podgorica AB radar N41.52.68E21.12.71	Podgorica AB radio tower N41.53.60E21.13.34

Then land safely at Brindisi Casale, TACAN 079X.

Good luck and good planning.
