## CURRENT SITUATION

Allied forces are pushing north In an effort to take Kuum-Ni Airbase. The 1644th Heavy Armored Battalion and the 1697th Armored Battalion are on route. The DPRK are reacting by sending three Tank Battalions south from Wonsan Airbase to reinforce the 1978th Tank Battalion at Kuum-Ni.

## MISSION DETAILS

Mission – Aid Allied forces in the capture of Kuum-Ni Airbase by destroying two key bridges that will hamper the DPRK's efforts to reinforce Kuum-Ni in time.

With these bridges out the reinforcements will be forced to take a longer route to Kuum-Ni through Sinan-Ni where our two Heavy Artillery Battalions will be waiting.

**Fury1**

Weather – Clear, 20°C, Con 30,000'.

Enemy – Current intel shows SA2's in position over both Kuum-Ni and Wonsan.

An SA10 over Koksan should be noted also!

Enemy air:

For several days now, intel has shown Mig21's have been consistently flying CAPS's over the target area's.

We have confirmation of several aircraft in nearby airbases capable of carrying R-77's!!!

Good Luck
