| SMOOTH SAILING | | | | |
|----------------|----------|-------------|---------|----------|
| MISSIONS | | USA | | |
| P | Takeoff | Role | Package | Status |
| A | 16:19:00 | SEAD Escort | 3690 | Briefing |
| A | 16:21:00 | Deep Strike | 3690 | Briefing |

Each flight consists of two aircraft.

Loadouts and steerpoints are free.

Intel:

The entire area is quiet, little is brewing at the moment.
Enemy forces are small in numbers and of poor quality.
Only known aircraft to be stationed in the region are Mig-21 and Mig-23.

This mission should be smooth sailing.... But beware, slacking on duty can be lethal!

Good luck.
